

# PROJECT ARCHITECT

miles city, montana

We are seeking an ambitious Project Architect looking to join an innovative and hard-working group of professionals in a small, collaborative environment. If you are a creative individual with strong communication and organizational skills, and are motivated to turn clients' ideas into realities, this may be the right fit for you! This is a rare and exciting opportunity to join our team with a commitment to quality, sensible design, and client satisfaction.

## QUALIFICATIONS

Kind, honest, and compassionate human  
Bonus points for a solid sense of humor  
Highly organized and accountable – self-starter  
Willingness to work collaboratively in a small team environment  
5+ years of experience in the commercial architecture profession  
Architectural licensure | LEED accreditation a bonus  
Strong proficiency in Revit, SketchUp, Enscape, and Bluebeam  
Extensive knowledge of building products and construction detailing  
Highly experienced with building code compliance

## OFFERINGS

Competitive salary + objectively low cost of living  
Discretionary bonuses; profit-sharing potential  
240 hours flex PTO (highly encouraged to utilize!)  
Medical + life insurance options  
Retirement plan + employer match  
Flexible weekly schedule  
Remote/work-from-home options  
Paid professional development  
Paid volunteer time
