

REVIT TECHNICIAN

miles city, montana

We are seeking an ambitious Revit Technician looking to join an innovative and hard-working group of professionals in a collaborative environment. If you are a talented drafting technician with a willingness to embrace and teach others new technologies, you might be the right fit to help our team transition to Revit. This is a rare and exciting opportunity to join our team with a commitment to quality, sensible design, and client satisfaction.

QUALIFICATIONS

- Kind, honest, and compassionate human
- Bonus points for a solid sense of humor
- Highly organized and accountable – self-starter
- Willingness to work collaboratively in a small team environment
- 5+ years of experience with Revit
- Degree or certificate preferred
- Strong proficiency in CAD, Revit, SketchUp, and Enscape
- General knowledge of building products and construction detailing
- Familiarity with building code compliance

OFFERINGS

- Competitive salary + objectively low cost of living
- Discretionary bonuses; profit-sharing potential
- 240 hours flex PTO (highly encouraged to utilize!)
- Medical + life insurance options
- Retirement plan + employer match
- Flexible weekly schedule
- Remote/work-from-home options
- Paid professional development
- Paid volunteer time
